DEPARTMENT OF THE ARMY

U. S. ARMY ENGINEER DISTRICT, HONOLULU
FT. SHAFTER, HAWAII 96858-5440

September 13, 2001

Contracting Division

To Our Valued Government Contractors:

In light of the recent terrorist events against our country, military installations in Hawaii have implemented increased security measures. As a result, entry onto military installations may either be denied, restricted, or delayed by identification check points and vehicle searches. At this time, it is unknown how long these security levels will be maintained, therefore your patience, cooperation and understanding of these necessary measures is greatly appreciated.

As a result, an interruption of your specific contracted services has or may occur. We understand that this situation may impact upon your ability to perform the contracted services. If the current situation is impacting your ability to complete your work within the time specified in your contract, please be advised that any delays experienced as a result of this situation will be addressed under Section 00700, FAR 52.249-10, Default (Fixed Price Construction).

The current situation that we are experiencing and the ensuing time that passes will test our country's honor and commitment, as well as the patriotism and resolve of the diverse people who comprise our nation. The performance and continued support of contracts awarded by this contracting agency will help to ensure that our military forces are prepared and ready to defend our democracy and constitution, if necessary.

You will be notified by your Administrative Contracting Officer (ACO) once more direction and information is released and becomes available regarding military security measures. If you have any questions, please contact your ACO(s):

Fort Shafter Resident Office
Mr. Edward Yoshimura, 433-3636

Schofield Barracks Resident Office
Mr. Earl Hiraki, 655-0261

Respectfully,

A handwritten signature in black ink, reading "David Y. Kam", is positioned above the printed name.
